# DEEPAK SINGH

Full-Stack Developer | MERN Stack | BCA Final Year

## • About Me

Motivated Full-Stack Developer with hands-on experience building scalable MERN stack web applications. Proficient in architecting RESTful APIs, implementing secure role-based access controls, and designing responsive frontend user interfaces. Strong core foundation in software development workflows, problem-solving, and modern JavaScript environments

## Skills

- JavaScript
- React.js
- Node.js
- Express.js
- MongoDB
- HTML / CSS
- MySQL
- Tailwind CSS
- RESTful APIs
- Git & GitHub

## Projects

Sep 2024 – Present

### COLLEGE MANAGEMENT PORTAL

*React.js | Node.js | Express.js | MongoDB | JWT*

- Built a full-stack college management system with 3 user roles (Admin, Faculty, Student) using role-based access control and JWT authentication.
- Developed RESTful APIs with Express.js and MongoDB to handle student records, faculty profiles, course catalogs, timetables, and study materials.
- Implemented content management features enabling faculty to upload and organize study materials, filterable by subject, semester, and type.
- Designed a responsive React interface with search, filtering, and file upload/download capabilities to streamline administrative tasks.
- Added a notice distribution system and timetable module with basic PDF generation and download functionality.

Mar 2026

### K72 WEBSITE CLONE

*React.js | GSAP | HTML5 | CSS3 | JavaScript*

- Built a pixel-perfect frontend clone of the K72 website using React functional components and modern ES6+ JavaScript.
- Implemented scroll-based and timeline animations using GSAP (GreenSock Animation Platform) for smooth, engaging user experience.
- Designed fully responsive, mobile-friendly UI with reusable component architecture for scalability.
- Optimized animation performance using GSAP ScrollTrigger for interactive transitions and visual effects.

## Education

Aug 2023 – Aug 2026

### Indraprastha Engineering College, Ghaziabad

Bachelor of Computer Applications (BCA)

CGPA: 6.11/10.0
